# Autumn (Fall) Season

Directions: Read the passage. Then answer the questions from the reading.

Autumn (also known as Fall) is one of the four seasons. Autumn marks the change from summer into winter, usually in September when the arrival of night begins earlier. Fall is associated with the switch from warm to cold weather, and is the season for harvest of vegetables and grains such as corn and wheat.

Thanksgiving is the primary holiday celebrated in fall, it is a time to give thanks for the harvest and express gratefulness in general. There are also many North American Indian festivals tied to harvest during this time. Halloween is celebrated October 31<sup>st</sup> where children dress up in costumes and go trick-or-treating for candy.
