Labor Day

Directions: Read the passage. Then answer the questions from the reading.

Labor Day is a United States federal holiday observed on the first Monday in September. The holiday originated in the year 1882 as the Central Labor Union of New York City sought to create "a day off for the working citizens." May 4 was chosen to remember the Haymarket Affair which was an effort to win the eight-hour workday, instead of the ten- to twelve-hour days that were common.

Labor Day is celebrated by most Americans as the symbolic end of the summer. Today, Labor Day is often regarded as a day of rest and parades. Speeches or political demonstrations are less frequent than in the past. Forms of celebration include picnics, barbecues, fireworks displays, water sports, and public art events. Families with school-age children take it as the last chance to travel before the end of summer.
